

It takes a man to end domestic violence.

In commemoration of Father's Day, the men of Atlanta have united to promote peace in every home. If you think that domestic violence does not affect you or that you cannot make a difference, these men ask that you think of your mothers, sisters and daughters.

Domestic violence affects us all, and you can make a difference by letting others know that violence in the home is unacceptable.

The men and women listed below proudly state that they will not tolerate domestic violence in their homes, businesses, or communities.
